President's Report

What a way to finish the 2022 Hockey Season! Go Lions!

Four Senior Premierships –Masters Div 2 Women, Fourth grade men (AKA WOMBATS), Third grade div 2 women and that elusive Premier League Men's Premiership – WooHoo!

Three Junior teams making their respective grand finals and finishing runners-up, U15 and U13 girls and Full Field Mixed Div 2, all putting on strong performances in games that could have gone either way.

Eleven Teams made finals - Full field mixed, U13 girls, U15 girls, U18 men, Masters Div 2 Women, 4th grade men, 3rd grade div 2 women, 2nd grade div 2 men, 2nd grade women, 1st grade men, Premier League men.

None of this was possible without the drive and dedication of the coaches, management teams, supporters and of course the players themselves! Well done everyone who has been involved with the club this year and its successes. Thank you to all the volunteers, especially the committee. You have gone above and beyond in your respective roles to support me and the running of the club, often in subtle ways, some less so, but all with the greater purpose of building the club into a strong, capable, supportive, and successful club for "the ages" (I quote Max Larkin, The Mercury Saturday 17 September, 2022). I said it last year, and I'll say it again***, Thank you All***, for choosing Canterbury as your club. I am proud to know that our club is right for you and your support networks, and that so many of you are engaging to continue to build us into a better, stronger, inclusive club.

Canterbury could not manage without the generosity of our sponsors and all those that donate money, prizes, equipment, goods, services and time to our club. Our Sponsors have been amazing this year. Major sponsors Fulcrum Robotics signed up to support our A Pool men and women with a vision to Grow and find success at the end of the season. We look forward to further engagement with Fulcrum next season. Thanks Janelle and Mike. Mobility4All has also ramped up their sponsorship with support for our women. Thanks, Scott, for your continued support, looking forward to next year's additions to the uniform. Thank you also to Jono and Andrew of Collins SBA, Louise of Ogilvie Jennings, Janita of Petrusma Property, Matt of Optimal Health and Craig of Express Trophies, who continue to provide support year on year to enable opportunities for our Juniors and B Pool to enjoy extra training sessions free of charge and support the running of our Presentation Nights. We look forward to continuing our relationship with all our sponsors in 2023, and welcome new sponsors to support further development for our B Pool and Juniors.

Our family focused culture is seen in the way we continue to support each other across all levels of the club, celebrating with the wins, supporting with the losses and encouraging with feedback, putting forward strategies and volunteering to push the growth of Canterbury. Passion to succeed and enjoy hockey together is building our Club into a strong and successful club. Just check out all the support

President's Report

provided to our Junior and senior teams during their finals campaigns and to those playing in grand finals.

Positive drive comes from all areas of the club – if you've got an idea or a great strategy to add value to the way our members experience their hockey then let us know – be it a social event, fundraising activities, supporters' accessories, educational opportunities (hockey and life experience) we are happy to talk with everyone and develop all areas of our hockey club (on and off the field). This year we have accessed a grant to support our older teenagers to learn about safe alcohol behaviours through the Responsible Service of Alcohol training. We look forward to accessing further grants to support access to uniforms, mental health first aid training and inclusivity for all abilities hockey. If you have other suggestions for providing opportunities for growth let us know!

It has been special to see growth across all the grades and all the ages within our club. Additional teams into Masters, B Pool and Juniors have increased participation and more in this great game of ours with players returning to the club after more than a few years hiatus, new players from other clubs (and states), and players new to hockey joining us. Players have improved their individual and team skills with allocation of training time with experienced coaches for our B Pool teams and the signing of exceptional coaches in A Pool. Giving our juniors opportunities to train with seniors has also encouraged growth and determination among this cohort, providing our juniors with wonderful mentors to support them in their hockey future.

We have a strong presence in Stick2Hockey and have well set up processes to support our beginning players and their families as they start their hockey journey (although those with hockey parents have probably lived at the hockey centre for a few years already). Stick2Hockey also provides opportunities for those new or returning to coaching and umpiring (junior players, parents and grandparents, senior players) to gain experience in these roles and help our youngest players start to form great hockey understanding and skills.

This year our junior teams have fired and inspired us all with their development and determination from game one all the way to their final games. What has been exciting is that we have been able to field all Canterbury teams this year, not relying on other clubs to fill teams. We have some good numbers coming through both girls and boys sides and look forward to seeing these players continue to improve as individuals and teams in the coming years. Look out premier league players, in 4 or 5 years you'll be fighting for your spots! – the future is looking bright.

Our Masters and Senior teams are growing in number, bringing more wonderful people to our club, and providing more opportunities for players to play to their own ability as well as having the chance to challenge themselves to improve enough to play at higher levels. Securing great coaches has allowed this and is something we will endeavour to provide in the future.

President's Report

Congratulations to all our representative players (see the list at the back of the yearbook). We have had players selected and represent at intrastate, state and national level in indoor and outdoor hockey. We are so proud of you all. While this is an individual goal to pursue selection at intrastate, state, and national level the club will support all who set this as a goal. Let us know how we can help you if representing the state is one of your goals.

We cannot forget the umpires! And our umpires have shone this year. Without umpires there is no game (just read the by-laws 😉). Supporting our umpires and all umpires supports a culture of respect during our games. The Stick2Hockey games have allowed our juniors Poppy and Hayley to get a taste for umpiring, with coaches able to support them with hints and feedback. We continue to have access to the Junior Umpiring Academy and this year Hamish and Allie graduating with support from Mentors Liam and Sarah. Other junior umpires included Cody, George, Sophie, Lachie and Rhi. They were great contributors to umpiring both junior and senior games, June Long weekend games and provided with opportunities to umpire at state level. Senior Umpires included Andrew, Chloe, Sophie, Sarah, Vincent, Liam, Aaron, Ollie, Luc, Lisa, Aidan and Alice. Congratulations to Chloe Abel for being awarded the Southern Hockey league Female umpire of the Year Award. And Congratulations to all out umpires who were selected to umpire during the finals series, you have done us proud. Let us k now if you want to have a go – or want some support to umpire next season.

So how are we going to keep supporting our members to achieve, to be their best for themselves, their team and for Canterbury and hockey in Tasmania? How do we continue to #GrowTheRoar?

The coming months and next season the committee's goal is to provide:

- Opportunities for coaches to develop skills through Coaching education and mentorship
- Opportunities for umpires (junior and senior) to continue to challenge themselves to improve and provide ongoing support for umpiring goals to be achieved
- Opportunities for players of all ages to improve their hockey skills, knowledge of the game, fitness and body management, and mental fitness, to be the best they can be on the field.
- Opportunities to unite as a club to celebrate us and our hockey family.
- Opportunities to engage all members of the club to have your say on how we run the club, with strategic planning, and policy and guideline development
- support for any club members when life doesn't go the way we plan; we are continuing to build our plans for off field mental and physical health teams to support all members with managing the roller coaster ride life can sometimes throw at us.

Let's #GrowTheRoar

Junior Co-ordinator's Report

2022 is done and dusted, and what a season for our junior program! We entered a full roster of teams for the first time in recent history, with the Canterbury U18 Girls coming into the competition. Four teams made finals, with two grand final appearances for our Fill Field Mixed and U13 Girls. Countless JLW participants as well as state team representatives, and two umpires successfully graduating from the academy!

We would like to personally acknowledge our coaches, managers and committee members who volunteer their very precious time to make the season possible. Many of our coaches this season were the younger members of the A pool teams who have huge personal commitments outside of hockey, we cannot thank you enough for supporting the future of the club.

The club had a large number of players represent the state as well as their region during the June Long Weekend Tournament. It was pleasing to see new faces putting their hands up to achieve this acknowledgement. Selection in these teams allows the players to experience different coaches and make new friendships within the sport.

In the umpiring space Hamish Tolputt and Allie Pocock successfully graduated from the umpiring academy, with the assistance of their mentors Sarah Duncan and Liam McLaren. Elsewhere, Vincent Harman, Chloe Abel, Rhiannon Lincoln, Sarah Duncan, George Kitchener, and Liam McLaren were selected to officiate national championships. Further congratulations should also go to Cody Innes for his selection in finals, in addition to those already mentioned.

The 2022 Canterbury Junior Girls' season saw the return of a full contingent of junior girls' teams across all divisions.

U18 Men had a season were the showed perseverance, with a season often interrupted by injury and illness. Yet they fought their way into fourth place and into finals. Eventually being eliminated in the Pre-Final against Derwent, the boys showcased their skill and development, special thanks must go to the boys who graduate from the Junior program this year! Their contribution to the Canterbury juniors over the years has not gone unseen and their loss will be felt. Thanks to Aaron Kitchener, Pete Van Dal and Alex Hogan-Jones for all their work throughout the season!

U18 girls no longer had to combine with another club and again donned the red and blue on Monday nights. The youngest team in the roster (which encompasses grades 10, 11 & 12) with regular appearances from U15s they strengthened dramatically over the year and were holding their own by the end of the season – a trajectory that will no doubt continue next year. Coached by Sophie Allardice and Amelia Natoli the girls played for enjoyment and good company. It was wonderful to see most of the girls participating across the grades in the senior competition this year. As the majority of girls will be returning for season 2023 it is certain that Canterbury U18 girls will continue to grow and flourish in this competition. Thanks to Ceri Goodrick for managing.

Junior Co-ordinator's Report

U15 Boys fought hard all season, showing glimpses throughout, as they scored wins against every other team, except eventual Premiers, Diamondback, who they drew against. Although they just missed out on finals, the future of Canterbury looks promising with the talent in this team! Thanks to Kim Enkelaar & Monique Coombe for helping to get a team on the Park each week, and further to George Kitchener and Amy Enkelaar for assistance with training and games.

U15 girls came in like a wrecking ball at the end of the season under Coach Glenn Lucas. From 5 th place in the second last rostered game to making the Grand Final was a mighty achievement and is testament to the promise of this team who will return largely unchanged for season 2023. The hockey centre became a firm social hub for many members of this team this year with any chance to loiter taken, and many cross-club friendships blossoming. Thanks to Stacey and Jackie for their continued support as managers of this team. I'm sure these girls are all looking forward to season 2023!

U13 Boys had a great season this year, yet were hampered throughout by COVID and injury. They had some great success throughout, but unfortunately missed out on a finals spot in the final game. The boys showed great persistence and growth. Special thanks to Ollie Shugg and Richard Steedman for taking the boys this year.

U13 girls continued their trajectory from season 2022 and consolidated themselves as a force to be reckoned with. A big team with big personalities, they enjoyed scoring goals and achieved the highest goal count of all our junior teams. Securing the minor premiership under coach Alice Killalea and management of Christy Dorward was evidence of their consistently solid performance over the year. Unfortunately they narrowly missed out on the silverware in the big dance from sudden death shootouts, but the valuable finals experience will no doubt be needed in the future as these girls will find themselves contesting the cup in future years. An exciting team with a big future!

Full field mixed this year was coached by Andrew Morris and Adrian Halliday and wow did these kids flourish! Most of them stepped up from Stick2Hockey and were playing Juniors for the first time. Their development was impressive. With low positional awareness at the start of the year, by the end of the season they were playing quality structure and sound game tactics. Ball speed and accuracy improved out of sight, and their tackling was strong by the end of the year. They were rewarded with the div2 Grand Final and played an excellent game which finished nil all. Thanks to Liza Goodall for managing this top team!

Huge thanks to all the parents and wider support group – Juniors couldn't happen without you. This club is your club, if there is any support or ideas you can offer please get in touch via email, the club is made good by its members.

Stick2Hockey

The Stick2Hockey program was a resounding success in 2022! The most important cohort in our club swelled as the year progressed, and we swept into term three with one half field team, three quarter field teams, and three 1/8th field teams in the comp. Stick2Hockey runs for 5 weeks every term and is a wonderful introductory program for kids to hockey. Canterbury had over 50 kids participate in Stick2Hockey across the year.

Training was held on Wednesdays, and we focused on developing foundational hockey skills in a game-based environments. Fruit Salad, Simon Says, and Stuck in the Mud were all firm favourites. Training sessions were a lot of fun and the kids were a pleasure to coach. It has been so rewarding to watch the kids build their hockey skills over the year, develop a love of the sport, and make new friends. The qualities possessed by this group promise great things to come for Canterbury, and the club looks forward to watching them progress over the coming years.

Canterbury had the largest contingent of players in the Stick2Hockey roster, and the 'smurf turf' was a complementary background to the sea of red and blue on Saturday afternoons. Games were always played in good spirits and kids demonstrated great camaraderie, graciousness and resilience, and displayed some serious hockey talent! The strong club community developing on the sidelines is also very special, and it is wonderful to see the next generation of Canterbury parents enjoying the connection our wonderful sport brings.

A HUGE thankyou to all the volunteer coaches and support staff for 2022: Adrian Halliday, Liza Goodall, Nick Darcey, Gareth Auker and Rory Dick, Brooke Appleby, Jess Smart and Ben Hirst, Graham Gates, Julia Ebert the Lucas family for filling in when needed. The club, kids and parents are so grateful for your contribution. The success of the Stick2Hockey program is because of you!

Well done to our Junior Umpires also – Hayley Newsham West, Poppy Wilson, & Summer Jones.

Finally, a massive thanks to all the parents who brave the cold weather and support their kids in pursuing hockey as a sport – the rewards will last a lifetime!

Full Field Mixed

The Full Field Mixed (FFM) team was the 1st introduction to playing on a full sized pitch for many of our players. The change in dimensions took a bit of getting used to and positions on the field were very fluid to begin with. After a few games and training sessions, however, the team started to gel together and their skills and confidence grew. This saw us being more competitive and enjoying the games much more. The 1st 6 games resulted in 5 losses and a draw, along with a -22 goal difference, so it was a huge improvement in the second half of the season, with 2 Wins, 4 Losses and 1 Draw with only a -6 goal difference.

During the School Holiday break a number of FFM players took part in scratch matches that combined players from different teams and age groups and put them against each other in a controlled match environment. This was a lot of fun and was too much for some A pool players to resist, so a few of them jumped into the games as well. This was such a great experience for our young players, as they received feedback and coaching (from coaches and players alike) on positioning and general hockey awareness during the games.

Full Field Mixed

FUN! This was a key focus for us at every game and comes about through many facets of playing in a team. It was great to share in many laughs and conversations with you all during the Year and we are looking forward to seeing you all progress as individuals in your hockey lives and being a part of new teams for Canterbury Hockey Club. Just remember to have FUN!

Another of our focal points each game was passing, so it was a proud moment for me when the umpire of a game against the Diamondbacks told me how impressed by our passing she was!

Well done to you all for a great year and good luck in your future endeavours! It has been a heap of fun helping to build your skills and hockey awareness this year, so thank you for turning up each week and being involved. We will see you on the field again soon, so keep practising your skills and being yourselves!

A huge "Thank You" to Lisa, Liza and Liam for your support throughout the season! It was great to have your time, knowledge and experience to draw on and we appreciate your efforts in getting teams finalised during the week for Friday night games and for all the help at training!

Adrian, Brooke and Morrie
Coaches

Our players:
Grace Fenton: A very determined person that doesn't like losing the ball and will work hard to get it back. Showed a great willingness to listen and learn and will continue to grow as a player.

Arianna Goodall: Hard working at Centre Half for most of the year, with a strong tackle that seems to get stronger after some encouragement from the coaches! Always working hard on her skills and is often the 1st at training.

James Gittus: A fast running forward that loves to be near the goals. Has great passion for the game and is developing into a great player. Keep up the great work!

Sophie Halliday: Seemed to find her groove following the mid-season school holiday break training sessions. Enjoyed all the space on the wing and was able to stay wide (most of the time). Has shown true grit at times on the field and will continue to impress in the years ahead.

Reuben Jotic: Put his hand up to be our keeper from the start and didn't disappoint. Always working hard on his goalkeeping skills through ShotStoppers and has been a great performer this season. Often seen sliding on his knees at any opportunity! Keep up the hard work and enjoying your hockey.

2pm.com.au
Meegan Wilmot PHOTOGRAPHY
OptimalHealth

Full Field Mixed

Charlotte Joyce: A strong tackling half back that we were fortunate to have for a few games this season - until our long string of 5pm games clashed with other commitments. A regular U13 player that enjoys her hockey and will no doubt be seen in Red for many years ahead!

Angus Mann: Has really worked hard on his skills this year and now has a great hit and understanding of the game. Will no doubt continue to develop into a reliable defender, although has shown that he knows where the goals are at the other end of the field during training, so watch this space!

Charlie Morris: In only his 2nd year of playing hockey, he quickly settled in at full back this year. Has grown in confidence and has developed his slap hits out of defence, along with composure on the ball and a strong tackle.

Heta Patel: A keen Right Half for us this year and always keen to get the ball. Sometimes this saw her on the other side of the pitch, but was always working hard to get back into position! Is continuing to develop her skills, so keep up the great work!

Talyn Pringle: A very impressive season at Left Half where his positioning and tackling were 2nd to none. Always smiling, his attitude and love of the game is great to see and will be a force to be reckoned with in the years ahead!

Annabelle Pyke: A hard working midfielder that loves to get the ball. Always at the games on time and keen to get on the field. It's great to see your confidence on the ball now and your ability to run and maintain possession. Love watching you take the game on, so keep up the great work.

Phoebe Rawson: A tenacious midfielder that works hard all game and never stops running. Always eager to listen and learn, we hope you enjoy where hockey can take you and continue to play and enjoy it.

Lola Windsor: The quiet achiever! Has impressed on the wing this year and works hard to win the ball. Keep working on your skills for next year and keep attacking the circle!

George Shugg: George used his great stick skills well all year and was given the opportunity to play in the midfield and up front. He gives his all every week and will be unleashing his Tomma very soon!

Angus Lockhart: Filled in for us for a few games at full back and decided he didn't want to leave, so we didn't let him! Never afraid to go for the hit from a 16, his skills are developing nicely. Keep working on your great hit and the transfer will then be an option.

Wesley Smith: A versatile player that loves to run - it's in the genes! Has been up front looking for the deflection and has also impressed as an overlapping half back. Looking forward to seeing you develop your skills over the next few years.

Under 13 Boys

The Under 13 Boys at the start of the year had a number of goals they wanted to achieve by the end of the season. We were able to achieve all but one, which was to win the premiership. But as we all know, that is not what hockey is all about…(It is a little bit right?). Other goals included improving hitting, pushing and shooting. All these have been improved on and it is pleasing to see some advanced skills entering players games such as attempted overheads and drag flicks. One thing that did not need improving or enhancing is the amount of fun the team had. Of course there were ups and downs but the boys, Richard and I mostly had a ball.

Speaking of Richard, it was fantastic to have Richard involved in the co-coaching of the boys and importantly picking the stick up again after a relatively short hiatus. Richard has also managed to bring another player to the club. To all the other parents, it is never too late!

Richard Steedman & Ollie Shugg
Coaches

The team:

Angus Mann: was rotated into the U13's and held his own. Angus has a solid tackle and is dependable to be in the right position at the right time when we are defending.

Bailey Blowfield: makes a great contribution to the team with his elimination skills and an even bigger one when he is on the correct side of the field.

2pm.com.au
Meegan Wilmot PHOTOGRAPHY
OptimalHealth

Under 13 Boys

Charlie Ledster: If he was as cheeky with the ball as he is during our team chats, we would score many more goals I am sure and it is fantastic to have the enthusiasm in the team. Attacking is the main game for Charlie and we can certainly use more of that.

Edward Steedman: was one of our three state reps in the team and whilst we ran him mainly at fullback, word on the street is that he is quite a handy forward. Looking forward to seeing that next year.

George Shugg: always willing to step up and help out when asked, plays any position and a real livewire on the field.

Huntar Gittus: improved his shooting this year and has developed a mean toma! Huntar did an amazing job with his judo this year and is starting to bring some of that determination to his hockey game.

Isaiah Hensher: We were really pleased to welcome Isaiah to the team this year. Hockey is a dynamic sport with lots of moving parts, so it was really pleasing to see Isaiah cover so much of the field this year.

James Gittus: was a fill in during the seasons and played a pivotal role in supporting his team mates when the coaches had to discuss the game with other players.

Lewis Quinn: a true allrounder. Solid in defence and agile in attack. Once we get that shooting at a consistent level, Lewis will be unstoppable.

Nat Tolputt: another player in our goalie rotation. He also has one of the best shots on the team, which I think comes from his time spent as a goalie

Pete Mackey: had a solid year with state representation and was the highest goal scorer with nearly twice as many as the next highest scorer. Distribution will be a focus for Pete next year.

Ruben Jotic: Returning to hockey, Ruben has come back in a big way with stints in full field goals and is also playing on the field. Ruben is fantastic to coach as he is always accepting of advice and tries his best to implement it

Sam Banks: the backbone of our defence and made a number of game saving tackles. He is also very analytical which helps a lot in ensuring we have got the details right.

Talyn Pringle: was rotated into the U13's and another who held his own. Talyn's game continues to include in leaps and bounds and his second efforts are well, second to none.

Will Enkelaar: Will's leadership of the team was fantastic. Whether it is leading the boys out for the warm up or being the unofficial spokesperson for the team to the coaching staff. Most pleasing was seeing Will taking one of the training sessions

Fulcrum Robotics
Mobility4All
petrusma property
ogilvie jennings LAWYERS
Collins SBA

Under 13 Boys

Will Shugg: ever reliable and dependable presence in the goals. Never gives up and rallies the troops in the backline.

Zac Pocock: one of our rotation goalies and which is unusual for a goalie, the fastest runner on the team (We had a race). Zac had a bad run of luck, so it would be great to see Zac get a full season in next year to see his full potential.

Under 13 Girls

GRAND FINALISTS

2022 was a consistent and strong year for the Canterbury Under 13 Girl's cohort. As a group, we spent the season honing our passing techniques, utilising the width of the field, and working collaboratively to execute aggressive attacking plays and solid defensive structures. The team would regularly perform passages of play to rival that of senior teams, created endless scoring opportunities, and worked hard to secure themselves the minor premiership. With much of the group in their third year of playing together, it will be a shame to see such a cohesive team be split across two age categories next year. I couldn't be prouder of the group for the progress they have achieved over the last season, and I wish them all the best going forward!

Alice Killalea
Coach

Fulcrum Robotics
Mobility4All

Under 13 Girls

The Team

Annie: Always a solid defensive field player, Annie has proved to be just as reliable playing as a goalie, after choosing to take up the new position part way through the season. Thank you for being such a versatile player Annie, and an asset to the team.

Ava: Ava is an understated player on the team. In defence she gets in the way and slows down the opposition, and in attack she plays a great link between the midfield and high strikers. Ava, be confident over the ball and trust yourself to get the job done.

Ayla: Ayla is softly spoken both on and off the field, but she is attentive and always takes on feedback. As a striker, she makes wonderful leads across the field and works hard to put her team in a goal scoring position.

Charlotte Hordern: I wish I had Charlotte's energy! She has a flat stick tackle to rival the best of them, and good luck to any forward that tries to get passed her, she will catch you! Keep it up, Charlotte!

Charlotte Joyce: Charlotte transitioned from FFM to U13 in the latter half of the season and has taken the increased pace and intensity in her stride. Playing as both a defender and striker she has proven herself to be a valuable member of the team.

Hayley: Hayley is full of beans (and goals), always. No one could ever accuse her of not working hard enough on the field. She is a passionate and strong player over the ball and has a bright future in hockey, should she choose to pursue it.

Hermione: One of the quieter members of the group, but Hermione's strong defensive work has supported the team throughout the season. Hermione has a lot of potential as a hockey player, all she needs is a little more confidence.

Josie: Josie is as strong of a forward, as she is a defender (as much as she hates being in the back line). She maintains strength over the ball and continues to put herself in great scoring positions across the field.

Keshi: Throughout the season Keshi has demonstrated her ability to think like a hockey player. She makes wonderful leading runs and has a great knack for jumping on a ball and putting it in the back of the goal.

Meg: Solid as ever in the middle of the park, Meg is continuing to develop her strength and confidence as a player. She is always looking to push herself as a player, practicing and honing her skills to be the best that she can be.

2pm.com.au
Meegan Wilmot PHOTOGRAPHY
OptimalHealth

Under 13 Girls

Molly: Molly is a reliable and versatile player, who has proven herself again and again on the field. She plays every position I throw her in like she has been playing it her entire hockey career – a quality I will always value as a coach.

Poppy: Poppy is a consistent player who has moved from strength to strength throughout the season. She is the silent achiever of the pack, holding her own through the midfield, and supporting her team in process.

Sadie: A new addition to my team this year, but you wouldn't have picked it. Sadie is a solid all-rounder on the field, who I would like to commend for her positive attitude towards teammates and opposition players alike.

Savannah: Savannah loves to get in, get involved and give it a go. She is always there to back up her teammates on the turf, remaining 100% focused for 100% of the game. I hope that Savannah continues to play and develop her skills, there's a lot of potential in there!

Summer: Summer was another new addition to the team this year and seemed to slot in seamlessly. She is a powerhouse defender, and can always be trusted to clear the ball out of deep defence and get the team back on the offensive.

Under 15 Boys

And breath, 2022 has been an almost year for our boys. As we battled obstacles and faced adversity, with injuries, illness, and COVID wreaking havoc on our team most weeks, as I, on more than one occasion, was making the call to U13s 25 minutes before games started to get in a last-minute recruit! Yet, the boys showcased their skill and teamwork throughout the season, as we pushed all the top teams, including a draw against eventual premiers, Diamondbacks, in Round 12 (one of only three games in which they dropped points), and beat grand finalists, University, in Round 10. Showcasing the level of the team when we were all on the field, we just fell short in our aspirations of making finals.

Individually, we saw two boys making their First-Grade debuts, Peter Mackey, and Will van Dal, with Peter scoring a double in his first game! Joshua Rawson represented Tasmania in the U15s team, as will Peter in the U13s, and Edward Steedman in the U12s, with Will Shugg making train-on. Further, Will van Dal, Joshua, Ethan Datlen, Hamish Tolputt, and Noah Gill, all represented the South at the June Long Weekend tournament in the U15s age group.

Special thanks to parents and supporters of all the boys, without you they would not be able to play hockey and I know how much your support means to them and to me! To Kim Enkelaar and Monique Coombe for match and team managing throughout the season, thank you! Kim, your insights have been profound and helped me grow as a coach and been of great value to the boys on game day. And to George Kitchener and Amy Enkelaar that have covered trainings and games for me when I have been away, thank you too!

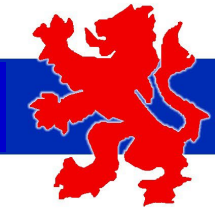
Under 15 Boys



The Team

Hamish Tolputt: This season saw Hamish's game move to the next level! As, under the coaching of Steve Welch and the Shotstoppers program, Hamish's ability to not only make the first save, but the second, third and fourth, often kept us in games that we should not have been. Furthermore, Hamish's leadership and ability to direct from the back was of real assistance to our ever-changing backline.

Will van Dal: Now Will had possibly the toughest role on the field this season. Almost every week I would say to Will, "You have a very young, inexperienced, or changed backline, I need you to be the leader back there, talk to your teammates and help direct them to where they needed to be" and that is exactly what he would do. Will was a constant I could always rely on, and a key leader on the field that was invaluable to me as a coach. Furthermore, his hockey has improved out of sight, and it was great to see him rewarded with a first-grade debut.

Noah Gill: Noah made the step up from U13s this year, and did so with aplomb! Further, Noah's skill level continued to increase throughout the season, becoming a constant at full-back and playing with assurance. As Noah's situational awareness and ability to recognise when he has time progresses so will the level of his hockey, I cannot wait to see how he progresses in future!

Hamish Davidson: When HD was not on a field trip, in COVID isolation, or giving himself food poisoning, he was out on the half-back giving it his absolute all! A constant on the training ground, Hamish's stick skill and confidence grew throughout the season as he progresses into a very handy hockey player. Although HD's speed managed to save us goals this season his biggest asset is his second efforts, and as a coach that is the first thing you want in hockey player, you would never catch Hamish dropping his head if he did make a mistake as he showed determination to make up for it!

Joel East: Although Joel was unable to play most of the season this year, his efforts at full back cannot be understated as he deterred countless attacking attempts from the opposition. A player whose hockey is progressing nicely. I hope to see him playing again next year and look forward to seeing him grow!

Nathanial Tolputt: Being one of my many fill-ins originally, Nathanial quickly became a constant in our team. Plying his trade both on the wing and the half-back, watching his confidence grow in his abilities was a pleasure to see throughout the season. A personal highlight of the season was Nathanial's tomahawk in training towards his brother, Hamish, in goals, as Nathanial hit it at a pace that Hamish did not have time to react as the ball hit him in the shoulder.

Peter Mackey: You would struggle to identify a player that has improved more in a six-month period than what Peter did over the off-season! You could often be mistaken that there is a string between the ball and Peter's stick however it is a compliment to his stick skills as he makes many the defender look silly. As Peter's ability to change speeds improves and leave defenders in the dust, he will become a scary proposition for any opponent. Peter also made his 1st Grade debut, scoring a double, as well as being named in the State U13 team, to compete in Hobart at the end of September.

Under 15 Boys

Will Enkelaar: I think last year I said in my blurb about Will that I looked forward to him growing as a person, and twelve months later I can say that I am could not be prouder. A real clubman, Will will often be seen helping coach the younger kids, picking up players if they feel down, and being a leader on the field. He has faced adversity throughout the season with injury, yet Will has not let this effect his character and what he contributes to the team and the club.

Edward Steedman: The ultimate utility, Edward Steedman! I think I almost played Edward across all ten field positions throughout the course of the season, and each time he did not complain, but took the challenge on headfirst! Ed's hockey has truly came on a long-way in the last twelve months, and although he may be his own harshest critic, I will be one of his biggest supporters as he continues to grow and enjoy his hockey.

Joshua Rawson: Josh was both the engine tank and quarter back of our team again this season, as he plied his trade at Centre-Half. A tireless worker of the team, each week Josh would cover the field more than any player as he looked to both shutdown attacks and set up his own. Josh started his season representing Tasmania at the U15 Nationals and continued his skill progression throughout the season. I look forward to seeing where his hockey takes him into the future.

Angus Mitchell: Angus joined the club this season and throughout the season was one of the most improved, and by seasons end had forced himself into our midfield. In his bright shoes, Angus has hard to miss on the pitch as he showed himself to be a very handy & skilful player with the ability to go a lot further! Although, it took me 'encouraging' Angus to get back in defence I look forward to seeing his hockey progress in future.

Huntar Gittus: Huntar was another one of our U13 fill-ins that soon became a constant in our team. Although he came into the U15s undersized, Huntar would always be giving defenders headaches across the field and as he gets older those headaches will be turning into migraines!

Hamish Blowfield: One of the team's most improved players, Hamish showed himself to be an attacking threat this year, as he scored and assisted many goals down the wing. With his eye-catching runs down the right-side, and his one-twos with Ethan splitting defences, Hamis's hockey has really moved to the next level. As he moves permanently into U18s next year I look forward to him improving even further!

William Shugg: A goalie by trade, Will would often get the call last minute before games to come along and help us out, this meant he played an array of positions, often much to Will's dislike. However, I agree with Will that he is best as a half-back, as he came into our team battling boys twice his size and mostly coming out on top! I truly appreciate Will's assistance throughout the season to ensure we had eleven on the field each week.

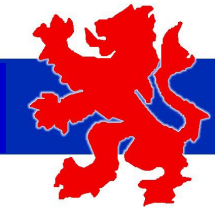
Under 15 Boys



Ethan Datlen: Ethan's season was hampered by injury, yet his pace as a striker will still be giving defenders headaches all summer long! Ethan's stick skills are developing nicely to match his pace, making him a confronting opponent for any defence. Furthermore, Ethan began to move into the senior teams this season in both 4th Grade and 2nd Grade.

THANK YOU TO ALL OUR WONDERFUL VOLUNTEERS
WITHOUT YOUR HELP WE WOULDN'T HAVE A CLUB

WE STILL NEED MORE, AS THEY SAY IT TAKES A VILLAGE

WILL YOU VOLUNTEER ???

THE CANTERBURY HOCKEY CLUB REQUIRE VOLUNTEERS TO ASSIST WITH VARIOUS ROLES FOR JUNIOR TEAMS, COMMITEES, SENIOR TEAMS FOR 2023 AND BEYOND

PLEASE CONSIDER VOLUNTEERING, IT CAN BE VERY REWARDING

JOIN THE COMMITTEE, COACH OR MANAGE A TEAM ASSISTANCE WILL BE PROVIDED AND NO KNOWLEDGE OF HOCKEY REQUIRED - (EXCEPT MAYBE COACHING!! WHICH WE CAN ASSIST WITH TOO)

CONTACT YOUR JUNIOR COORDINATORS or CLUB PRESIDENT FOR MORE INFORMATION

Under 15 Girls

GRAND FINALISTS

The competition was tight in U15 girls this year. It took us until the final round of the year to secure a finals position. A couple of nerve-racking penalty shoot outs in the semi and preliminary finals saw us progress to the Grand Final. An amazing effort, considering we were last on the ladder three weeks out from finals. The girls performed well in the grand-final and ended up 3-1 down to Diamondbacks in a physical encounter.

Thanks to our Team Managers Stacey Ree and Jackie Stansfield for organising the team list each week and for your support and company during the season. Appreciation goes out to Lisa Jotic for her advice during the year on player management.

Glenn Lucas
Coach

2pm.com.au
Meegan Wilmot PHOTOGRAPHY

Under 15 Girls

The Team

Kailee Carhart: An elusive striker that makes excellent position. Learned the value of working back towards the midfield as a leading option.

Kate Edwards: New to hockey this year and made huge improvements on her basic skills. Missed the middle part of the season due to illness but returned and was keen to learn about the game.

Jordanna Haas: Key defender which opposition forwards must dislike playing against due to her strength and marking ability. Learned to trap PCA and is fast turning this into a valuable skill for the team.

Madeleine Jotic: Central, athletic defender who controlled distribution from the back with an effective mix of short and long passes.

Abigail Lucas (Captain): Thrives on the contest and is cool as a cucumber in penalty shoot-outs. Strong and dependable in the midfield.

Jasmine McCormick: Skillful striker who creates havoc in opposition defensive circles with strong possession work.

Willow Osborne: Injuries put a stop to Willow's season. We hope to see her return to hockey in season 2023.

Charlotte Palmer: Charlotte returned to the team for the last three (3) games of the season. Charlotte slotted into the midfield and had immediate impact with her aggressive play.

Allie Pocock (Goal-keeper): The team is fortunate to have the best goal keeper in the competition playing for us. A true shot-stopper and skilled at penalty shootout defence.

Zahlee Stansfield: Another of our key defenders whose defensive marking and interceptions allowed other defenders to press forward.

Amelia Steedman: Our quite achiever who ruled from right half with her subtle stick-work and ability to carry the ball forward at pace.

Emma Zhuang: New to hockey this season. Makes good position up front and provides excellent reverse pressure on opposition defenders.

We were more than well supported each game by members of our u13 team, including:

Meg Brewer: Strong running forward who scored a clutch goal in our preliminary final that saw us take the game away from Derwent.

Summer Jones: A versatile player who continuously tells me she is a natural striker. I play her mostly in defence. Summer has proven to be very creative with her strong ball running going forwards.

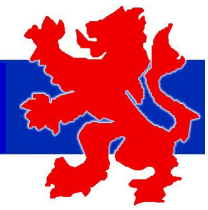
Under 15 Girls



Hayley Newsham-West: Very positive player who tends to find herself in defensive mid-field holding her own against older, stronger opposition.

Savannah Rice: Similar to Hayley, Savannah plays in the midfield, is developing her ball control and distribution, and responds as well as anyone to constructive feedback.

Molly Richardson: Played one game and we look forward to seeing more of Molly as she develops.

Sadie Rogers: Highly skilled forward who played the game of the season and scored a team lifting goal in our win against Diamondbacks. Sadie has terrific tenacity around the ball and is never out of a contest.

Poppy Wilson: Fell short of the required number of games to qualify for finals. Like Molly we are looking forward to seeing more of Poppy compete at this level.

Under 18 Men

Unfortunately, the U18s were too quick for our photographer to capture a team photo this year
We did manage to find a good likeness though from another successful team!

The Canterbury U18 men had a rollercoaster season, being in and out of finals contention all year. As is common with this age group, the team's availability varied week to week with various school, work, personal and other hockey workload commitments. Despite challenges, the team stayed in the running all year and were even in the win/loss column when the business end of the season rolled round.

Coming in 4th, the boys faced their first finals challenge, the elimination final. It had only taken 13 week of regular season competition, but everything finally came together. Whether it was the excitement of playing in a final, or the girls team cheering on from the stands, something clicked and the boys looked like a well-polished unit.

The preliminary final was full of excitement. Going 1-0 up early before going 3-1 down in the space of 10 minutes, the side miraculously clawed the score to 3-3 at half time- a fitting representation of what had been the entire season. In a tense second half, the game was on a knifes edge, with neither side able to break the deadlock for 15 minutes. Two quick goals saw our opponents go up 5-3 with 1o minutes to go. Despite the run of play and countless scoring opportunities, it wasn't to be and the boys bowed out of premiership contention a week early. While disappointing, the boys had a stellar season that was a privilege to be a part of.

Special mention to Angus Broadby, Richter Marx, Luke Palmer and Lachlan Rogers who played their last junior season with Canterbury. Their junior careers were filled with plenty of goals, countless highlights, numerous finals appearances and a premiership or three along the way! We hope to continue seeing you red for years to come!

Under 18 Men

The Team

Hamish Blowfield- Hamish had an outstanding year in 2022 and really stepped up to 18's. As an U/15 coming into a competition filled with premier league and state representatives, at no stage did Hamish look out of his depth.

Angus Broadby- One of the senior guys playing his last junior season this year, it a great to see Angus just stepping out and enjoying his hockey without the pressures of First Grade. Angus had a great year that hopefully builds the foundation for a lucrative senior career for the club.

Ethan Datlen- Ethan supported the U/18 side on a few occasions throughout the season, and at no stage looked out of place when stepping out of the comfort of his regular U/15 matches. A natural striker with a positive attitude, developing the confidence to take the game head on could see Ethan take his hockey to new heights when he becomes a full time U/18's player in the coming years.

Travis Gudgeon- The ever-reliable T-Rav. Solid a rock, Travis saved us countless times and stepped up whenever called upon. We wouldn't have gotten as far as we did without him in the net. With another two years in U/18's, I expect to see Tavis knocking on the door of our senior squad very soon.

Cody Innes- Cody's improvement this year has been astronomical, and he has been one of the most consistent performers in both 18's and first grade. Cody's most noticeable achievement is his change in attitude, which has seen him take on more of a leadership role. Leading by example at the back, if Cody keeps on this trajectory, he will be a regular premier league and state Tasmanian rep for years to come.

George Kitchener- The season George had in 2022 compared to previous years is incomparable. Being one of the strongest players in 18's, shining in First Grade, to staking his claim at a spot in a premiership contenting Senior Men's team is commendable. Continuing this improvement could see George be a permanent addition to the PL men, and a Tasmanian underage debut in 2023.

Henry Larkin- A bit of a cult figure, Henry found himself in unfamiliar territory at the goal scoring end of the field. With a promising career as a shot stopper ahead, Henry dabbled in his rival's shoes- the striker. Having some outlandish moments making you think he had played on field his whole life, Henry will definitely leave a better legacy than that of older brother Max.

Peter Mackey- Only making a few cameo appearances this year with the U18's, Peter showed that he will be a force to be reckoned with. Dominating in his own age group and being one of the strongest in his state side, Peter's rise through the junior ranks is one we will watch with great interest.

2pm.com.au
Meegan Wilmot PHOTOGRAPHY
OptimalHealth

Under 18 Men

Richter Marx- Richter was outstanding all year, starting as a defender before migrating to the business end of the pitch. He really played with freedom and enjoyment. Richter' campaign with canterbury was phenomenal, culminating in another impressive year in 2022. We hope to continue seeing Richter bearing the red shirt!

Luka Menzies- If you watched Luka play a game this season, you wouldn't believe hearing that he only started hockey half way through 2022. Luka became a staple part of our defensive group and even earnt a place in Canterbury's Div 1 side. One of the quickest adaptions to a new sport, Canterbury was lucky to recruit Luka and look forward to seeing how far he goes.

Angus Mitchell- Angus was a younger player doubling up from U/15's this year. Over the course of the season, Angus really began to match the pace of the U/18's competition and found his home on the striker line. With continued growth and development, Angus shows the potential to take his hockey to another level in the coming years.

Luke Palmer- One of Canterbury's strongest juniors, Luke is a staple to both our U18 and Premier League sides. With a wealth of talent and temperament to match, Luke wreaked havoc on opposition goals all year. Finishing his junior career with a bounty of goals to his name, a lucrative premier league career is bound to follow.

Joshua Rawson- Josh is one of Canterbury's most promising assets. After an impressive U15 campaign with Tasmania, Josh continued to shine for the Lions. Both in 15's and 18's he performed well above his years. with continued growth and development, a senior debut is destined for Josh in 2023.

Lachlan Rogers- Watching Lachlan play is mesmerising, with his pace and agility unmatched by anyone in the competition. His ability to turn on a dime while having the ball glued to his stick leave his opponents for dust. Another staple of the Premier League line up, Lachie continues to impress each time he takes the field.

Will van Dal- Will's growth after the last few years has been second to none. Will has taken every opportunity to learn that is presented to him, from hockey Tasmania to club development programs, he has been at them all. Doubling up with the U/15's this year and making his senior debut, Will is another the club will be looking to take that next step and hopefully be a permanent addition to the first-grade side in 2023.

Under 18 Women

After a hiatus in 2021, the U18 girls were back this year! It was a tough season with many cold (sometimes freezing) nights and rough games. But the girls always rallied. They turned up with a smile on their faces and wanted to win.

This season we worked on releasing our "inner mongrel." Although they may have laughed at me initially, the girls have taken on feedback and successfully become a little more assertive and tough.

My biggest learnings for the season:

1. The girls play much better with lollies BEFORE, DURING & AFTER the game;
2. Obstetricians are NOT good at checking if jaws are broken;
3. Not to play after the boys because you will have a player sent off for having 12 players on the field when you actually only have 11.

Highlights of the season:

1. Beating Derwent;
2. Henrietta scoring a cracking goal after releasing her inner mongrel.

To Ceri and Amelia. Thank you for your endless support. I couldn't have put a team on the field each week if it wasn't for your help.

Under 18 Women

To my lovely ladies, thank you for a wonderful season! Although we didn't always get the result we wanted, you always left the field with a smile on your face. I hope you've learnt something and if you didn't, at least you had fun (hopefully)!!

I can't wait to play with you all in the future!

Sophie Allardice
Coach

The Team

Allie: Improved out of sight this season. A reliable and strong GK with a bright future.

Sophie L: Always so reliable in defence with a fantastic attitude and work rate.

Abby: Makes everything look so effortless and easy.

Yanna: Gives 100% on the field everytime, your hard work does not go unnoticed.

Hannah: Always asks questions and seeks feedback to become a better player.

Tabi: a defender turned striker!!! Been lovely having you as part of the team for your least season on juniors.

Georgia: has the biggest heart and works so hard for her team! Played as a field player and is full of hockey knowledge

Fliss: a bundle of laughs who works her guts off every game (might be time to start covering yourself in bubble wrap)

Lucy M: Although you only played three games with us this season, it was wonderful having you as part of our team.

Henrietta: always has a HUGE smile on her face and takes on any feedback given.

Emma W: rose to the challenge of moving from the forward line to the midfield.

Lucy G: worked hard all season and improved dramatically. She was rewarded with many 1st grade games!

Ava: a strong ball carrying striker with great skills and pace to beat any defender.

Rhiannon: a player turned umpire.

Emma K: was up for any challenge! Has learnt to back her skills and take on any player and get a positive outcome. Rewarded with minutes in Premier League this season.

Under 18 Women

Jordy: my 'yes' (wo)man! Would play in any position, give it a red hot crack and never complain! Always so reliable.

Zahlee: a crack up off the field but worked hard for the team in defence. A handy defender!

Maddy: a young defender with a great hit and an even better tackle p.s. I would still like to see you play in your sunglasses.

Anna: only played a handful of games with us this season but was a handy player and missed throughout the second half of the season

Charlotte: a strong junior who has seamlessly made the transition to A-pool by the end of the season. Pretty sure she can talk under water.

Indoor Hockey

Hockey Tasmania once again ran a small indoor hockey competition at the end of 2021.

Canterbury players were involved in all age groups. This was the first time playing indoor for many of them and they improved week after week.

Indoor is a fast-paced game that is perfect for young developing hockey players and highly recommended in the off season. It forces you to develop your stick skills.

Hockey Tasmania will be running the Indoor Festival of Hockey again in 2022 and it is a must event for those wishing to play indoor at a state level. It's a great weekend in Launceston at the Silverdome

If you want to get involved in indoor in 2022, please register your expression of interest on the Hockey Tasmania website. The local competition will be commencing early October.
